

Aircraft Fueler

As a member of the Menzies Aviation Aircraft Fueling Team, you will be responsible for the safe and efficient fueling/defueling and servicing of aircrafts at the airport. You will need to perform simple mathematical functions such as adding, subtracting, multiplying, and dividing with regards to weight, measurement and volume in order to interpret aircraft weight and balance loading instructions as they pertain to fueling. This role requires you to maintain a safe and secure work environment, in accordance with local health, safety, and security policies and procedures. Watch Our Aircraft Fueler Video Here:
