

## Tater Tot Enthusiast

ON TOTS, the original PDX Tater Tot food cart is building a team for our new location at the Portland Airport and possibly our mobile unit for the occasional event.

We are a fun team who work closely together in small kitchen spaces, so you are required to have a great sense of humor while bumping into each other. It is more about how we all get along rather than what experience you have. This is not rocket science, we just put delicious stuff... On Tots!

We all do a little of everything here. We work hard (and we really work hard) when we need to and rest when we can. It can be very busy during peak eating times, so you must be able work fast and furious. The right person will be crossed trained to step in where ever we need you.

### **Besides being awesome and fun to work with, you will also need to be able to handle:**

- Food prep
- Running the deep fryers
- Customer service and cashiering
- Exceptional cleaning and organizing skills
- Standing for long periods of time
- Lifting boxes of Tater Tots (40lbs) and other supplies
- Moving in small spaces and navigating steps constantly
- Opening and closing refrigerators, freezers and other appliances
- Getting along with the rest of us

### **It would also be great if you have:**

- Kitchen and food experience
- Worked on a food truck before
- Lots of energy and can think on your feet
- A great sense of humor
- Good communication skills
- A passion for tater tots, (because you will eat them every day!)
- A good list of jokes or stories about your pets or kids!

The hours are part-time up to 30 hours per week and can be flexible on request with a four hour per day minimum. You even get to eat all the Tater Tots you can for free!

PDX location hours range from 10 AM - 8 PM Sunday – Friday and all holidays

Pay is \$13 per hour to start with 30-day awesomeness review and we pay for parking or get discounts on Tri-Met

We don't need a fancy resume, just tell us why you might like to work with us and what experience, excitement, knowledge, and fun you can bring with you.
